

Please don't let the LPFM stations take over the KLOVE frequencies.
In our area that would be 88.7, 91.3 and 107.5. KLOVE provides a
great service in our area providing positive and encouraging christian programming
and contemporary christian music for listeners.
If KLOVE were displaced by an LPFM station there would be definate
negative effects on the families and communities in general in this area. This is a
rural area and we don't have alot to choose from.
KLOVE is one christian station that our kids love and will ask to listen to. I
believe KLOVE is a great benefit to our area. Please
don't give their frequencies to someone else.
Sincerely,
Tim Kelly (W0WZA General Class Ham Radio Operator)
